DEPARTMENT OF THE AIR FORCE
HEADQUARTERS AIR FORCE COMMUNICATIONS AGENCY (AFCA)
SCOTT AIR FORCE BASE, ILLINOIS

MEMORANDUM FOR AFMC/MSG

DEC 29 2005

FROM: HQ AFCA/EV
203 West Losey Street Room 2100
Scott AFB IL 62225-5222

SUBJECT: Certificate of Networkiness (CoN) for Automated Technical Order
Management System (ATOMS (D359)) Version 2.3

References: (a) System Security Authorization Agreement (SSAA), 25 Oct 05
(b) Approval To Operate (ATO), 26 Feb 04 (expires 26 Feb 07)
(c) Previous CoN: CoN1-2000391-281004-00-0

1. ATOMS (D359) version 2.3 is compliant with Air Force policy and is hereby issued Certificate of Networkiness (CoN) number CoN1-2000391-151205-00-0.
2. A desktop assessment determined the overall risk rating for ATOMS (D359) version 2.3 is low and does not adversely impact the security, network compatibility, and interoperability of the Air Force Terrestrial, Air, and Space Communications Network.
3. The previously approved Ports, Protocols and Services (PPS) for ATOMS (D359) version 2.0 (attached) are still applicable to this version.
4. This CoN is for this version only. The Program Manager must notify the POC below of any subsequent releases or changes to the system's security, interoperability, or sustainability to determine if a new networkiness assessment is required.
5. This does not preclude the mandatory DoD requirement for development and maintenance of the SSAA and the Information Support Plan (ISP). IAW AFI 33-202, the applicable site, network, or system SSAA must be developed or updated to reflect this implementation.
6. My POC for ATOMS (D359) is Kay Dills, HQ AFCA/EVSS, DSN 779-6291 or e-mail: afca.evss@scott.af.mil.

DAVID D. MORTON, GS-15, DAF
